Gabrielle Hartin CEO M'Ed (USA) B'Ed (Aust), Grad Cert HRM

Gabrielle Hartin, a global leader who has lived and worked on four different continents around the world in learning and development, founded APCOT when she saw a gap in the market for a high quality, specialist Training Organisation. This need has seen APCOT use its international experience to dedicate itself and focus solely on developing the skills and qualities of high performing leaders as LEARNAVORES!

Anyone in a people development role, from leaders and managers, to supervisors and team leaders to trainers, mentors and coaches, teachers to role models, can benefit from the APCOT philosophy of feeding the LEARNAVORE! Your LEARNAVORE is yours and your organization's capability to learn, change and adapt to today's global business and life demands, it is your inherent capability to learn—let it ROAR!

In **INDONESIA**, Gabrielle designed, developed and delivered an inaugural teaching training program for local Indonesian teachers, she was a key consultant during the opening of the SHANGHAI International School in China, was a leading player in International Educational Accreditation for the organisation and dipped into some professional Latino dancing and community theatre for the local expatriate community!

In **VENEZUELA**, Gabrielle was the driving force behind innovative changes at the organisational level. She initiated the move into electronic reporting methods, lead the development of a new language and literacy project and managed the highly successful International Carnival Festivities involving over 600 participants. It was in **SOUTH AMERICA** that Gabrielle first became an International Conference Presenter where she facilitated workshops in the areas of literacy and e-Learning.

Gabrielle's third International move was to Zurich, **SWITZERLAND**. It was there that she was promoted to heading up a new e-Learning Division for the organisation. Her role involved learning program design and development, resource management and leading a team of over 40 Tertiary Educated Personnel through extensive professional development opportunities in effective e-Learning methodologies and applications for students. Gabrielle presented throughout Europe on the innovations she employed in the use of Information Technology as tools for learning.

Several years ago, Gabrielle relocated to her home country, **AUSTRALIA**, and founded APCOT a niche Learning and Development Organisation, dedicated to continue to feed the LEARNAVORE. Throughout her varied career she has worked with thousands of people from front line personnel to senior and executive management from age seven to seventy-seven and from just as many countries and cultural backgrounds! Gabrielle brings a fresh new approach to workplace training and development with a unique learning methodology of collaboration to build innovative, enthusiastic and independent learners. Gabrielle is the lead facilitator for the both the Certificate IV in and Diploma of Training and Assessment Qualification programs for APCOT.

What's Gabby's LEARNAVORE animal?

Was this one hard to guess? Tigers are assertive and independent in their life long hunt for sustenance. This is how Gabby sees the LEARNAVORE in all of us. Your ability to be voracious in your quest for ongoing learning can come under the guise of many different animals, but each and every one includes that inherent LEARNAVORE lurking beneath the surface. Gabby loves to continuously hunt for new learning opportunities and hopes to share that passion with you!
